

Employment Support Services for Women

Friends for Success

Women Finding the Attire for the Hire!

*Is your client entering or returning to the workforce?
Does she want to make a positive first impression with employers?*

Friends for Success can help!

Friends for Success, a program of YWCA Hamilton's Employment Services supports women by providing them with new and gently-used business-appropriate clothing and accessories for their job search and interviews. A fresh appearance will make them not only look professional, but also will help to build confidence in themselves.

Women are referred to Friends for Success by a number of community agencies and human resources programs, such as local employment and job training centres, women's shelters and newcomer centres.

Have our team of Friends for Success volunteers assist with providing your clients with the right look for the right job!

Ensure your clients have the attire for the hire!

Referral forms can be found on YWCA Hamilton's website www.ywcahamilton.org under programs or on the EARN website.
